**SUBJECT – ENGLISH**  
**CLASS - VI**  
**English Grammar – Voice**

<https://youtu.be/I4Cz6H311Mc>

B. Write these sentences in the active voice.

2. The dry leaves were put into the compost pit by the gardener.  
The gardener put the dry leaves into the compost pit.
3. Five goals were scored by Asad in the football match against Bharat High School.  
Asad scored five goals in the football match against Bharat High School.
4. The news of the tsunami was broadcast by BBC.  
BBC broadcasted the news of the tsunami.
5. A portrait of Jawaharlal Nehru is being painted by Susan.  
Susan is painting a portrait of Jawaharlal Nehru.
6. The last over of the match was bowled by Irfan Pathan.  
Irfan Pathan bowled the last over of the match.
7. Prizes were given away by the chief guest.  
The chief guest gave away prizes.
8. The programme was broadcast by Star Plus.  
Star Plus broadcasted the programme.
9. The patients of this ward are treated by Dr Nayar.  
Dr Nayar treats the patients of this ward.
10. The traditional Assamese hat, japi, is worn by tea pluckers in Assam.  
Tea pluckers in Assam wear the traditional Assamese hat,japi.
11. This house was built by my grandfather.  
My grandfather built this house.
12. The actors have been trained by Charu Ghosh.  
Charu Ghosh has trained the actors.

C. Write these sentences in the passive voice.

1. Sunita is singing a song.  
A song is being sung by Sunita.

2. Sudhir accepted the gift.

The gift was accepted by Sudhir.

3. Grandfather watered the plants.

The plants were watered by grandfather.

4. Salim is polishing the wooden dining table.

The wooden dining table is being polished by Salim.

5. Vishal and Vivek have painted the fence.

The fence has been painted by Vishal and Vivek.

6. Mala has won a gold medal in the swimming competition.

A gold medal has been won by Mala in the swimming competition.

7. Arjun kicked the ball.

The ball was kicked by Arjun.

8. Mother is making some spinach soup.

Some spinach soup is being made by mother.

9. The tourists are buying some souvenirs.

Some souvenirs are being bought by the tourists.

प्रश्न 1 एक-पदेन उत्तरत । (एक पद में उत्तर दो )

1 कः फलानि खादति ?

उत्तरम् – पथिकः

2 जनाः कस्मै वृक्षान् कृन्तन्ति ?

उत्तरम् – काष्ठाय

3 कान् विना जीवनम् असंभवम् ?

उत्तरम् – वृक्षान्

4 वृक्षाः के इव भवन्ति ?

उत्तरम् – सत्पुरुषाः

5 फलानि केभ्यः भवन्ति ?

उत्तरम् – मानवेभ्यः खगेभ्यः मृगेभ्यः च

6 वृक्षाः पथिकेभ्यः काम् करोति ?

उत्तरम् – छायाम्

प्रश्न 2 विशेषणपदानां-पदानां -विशेष्य-पदैः सह मेलनं कुरुत । (विशेषण पदों का विशेष्य -पदों के साथ मिलान करो । )

विशेषण-पदानि	विशेष्य-पदानि
1 श्रान्तः	पथिकः
2 असंभवम्	जीवनम्
3 शीतला	छाया
4 आवश्यकः	वृक्षाः
5 सर्वेभ्यः	जीवेभ्यः

प्रश्न 3 उचित-पदैः रिक्त-स्थानानि पूरयत । (उचित पद से रिक्त स्थान पूर्ति करो ।)

- वृक्षाः सत्पुरुषाः इव भवन्ति । (खगाः / सत्पुरुषाः / मृगाः)
- वृक्षाः सर्वेभ्यः छायाम् करोति । (छाया / छायाया / छायाम्)
- जनाः पुष्पैः मालाः रचयन्ति । (पुष्पाणि / पुष्पेभ्यः / पुष्पैः)
- सत्पुरुषाः परोपकाराय जीवन्ति । (परोपकाराय / परोपकाराम् / परोपकारेण)
- फलानि खगेभ्यः सन्ति । (खगान् / खगैः / खगेभ्यः)
- वृक्षाय नमः । (वृक्षः / वृक्षम् / वृक्षाय)

### Worksheet for Ex-8B

- If  $a=2$  and  $b=3$ , find the value of:
  - $5a^2 - 2ab$
  - $2a - 3b$
- If  $x= 1$ ,  $y = 2$  and  $z = 5$ , find the value of:
  - $3x - 2y + 4z$
  - $2x^2y - 5yz + xy^2$
- If  $p= -2$ ,  $q = -1$  and  $r=3$  , find the value of:
  - $p^2 + q^2 - r^2$
  - $3p^2q + 5pq^2 + 2pqr$
- Write the coefficient of:
  - $p$  in  $-2pqr$
  - $y^2$  in  $8xy^2z$
- Write the numerical coefficient of:
  - $ab$
  - $7xyz$
- Write the constant term of:
  - $3x^2 + 5x + 8$
  - $2x^2 - 9$
- Identify the monomials, binomials and trinomials in the following:
  - $-2xyz$
  - $xy + yz + zx$
  - $2x + 1$
- Write all the terms of the algebraic expressions:
  - $4x^5 - 6y^4 + 7x^2y - 9$
  - $9x^3 - 5z^4 + 7x^3y - xyz$

### ASSIGNMENT 17

<https://drive.google.com/file/d/1XQ2sHLH0UK6PgWdlzwDVLVBIWXFJrCOy/view?usp=sharing>

#### **A. Fill in the blanks:**

1. The appearance of Date and Time on a worksheet depends on the **Format** applied to the cell.
2. To repeat most commands or actions, press **F4** function key.
3. To maximize the worksheet, press **ctrl + F10** key combination.
4. **Enter** and **Cancel** buttons appear on the Formula Bar.
5. When you use F2 key for modification, the insertion point appears at the **End** of cell entry.
6. To enter date and time together, separate them with **space**.

#### **B. State True or False:**

1. Copying refers to moving data from one place to another. **F**
2. Ctrl+ A key combination is used to select a row. **F**
3. Auto Fill is a feature to copy data simply by dragging the fill handle to the cells to be filled in. **T**
4. To turn on Overtyping mode, press the Insert key from the keyboard. **T**
5. Copy, Cut and Paste buttons are present in the Font group. **F**
6. To insert a new column in Excel sheet, select Add button on the Insert tab. **F**
7. You can edit the contents of a cell in the Formula Bar. **T**

#### **Application Based Questions:**

1. Ritu has created progress reports of the students of her class in Microsoft Excel 2010. But she has forgotten to add an important column in the table. Suggest the option that will help her to insert a new column without disturbing the existing table settings.

1. To insert a single column, Ritu should select the column or cell to the left of which a new column is to be inserted. Click on the Insert drop-down arrow in the Cells

group on the Home tab and choose the Insert Sheet Columns option. Excel inserts blank column to the left of the selected column.

2. Surabhi wants to reduce her weight. Her dietician has suggested her to maintain a weekly diet chart. What method should she follow to fill week days automatically in the table?

**Ans2.** Surabhi can use the Auto Fill feature to accomplish the task. She should type 'Sunday' Position the pointer at the lower right corner of the cell. The mouse pointer will change into a thin black "+" cross. Hold down the left mouse button and drag the fill handle up to the destination cells.

#### **D. Multiple Choice Questions:**

1. To select the entire worksheet, press the \_\_\_ key combination.

- a) **Ctrl+A**
- b) Ctrl+S
- c) b.Ctrl+D

2. Ctrl+V key combination is used to \_\_\_\_\_ the cell contents.

- a) Undo
- b) Cut
- c) **Paste**

3. When you finish editing within a cell, Excel returns to\_\_\_

- a) Edit
- b) **Ready**
- c) Finish

4. To select a range, hold down the \_\_\_\_\_ key and click on adjacent cells.

- a) **Shift**
- b) Ctrl
- c) Alt

5. \_\_\_\_\_ is the shortest key to undo the last action.

- a) **Ctrl+Z**
- b) Ctrl+Y
- c) Ctrl+X

6. To enter the digits as text, you have to begin the entry with an \_\_\_\_\_ mark.

- a) Question
- b) Apostrophe**
- c) Exclamation

**E. Answer in one word or one sentence:**

1. What is the function of Clear button in editing group?

**Ans1.** The Clear button in Editing group is used to clear the contents of the selected cell.

2. Which function key is used to edit the cell contents?

**Ans2.** F2 key

3. How can you enter date and time together in a cell?

**Ans3.** To enter date and time together in a cell, separate the date and time with space.

**Answer the following:**

**Q1. How will you make modification in cell contents using the Edit mode?**

**Answer** To change the contents in Edit mode,

1. Select the cell. Double-click inside the cell. The data is also displayed in the Formula Bar.
2. The insertion point will blink within the cell. Position the pointer at the desired place and change the contents. Press the Enter key. The changes will be entered in the Current cell.

**Q2. Explain the method to insert multiple columns in a worksheet.**

**Answer** To insert multiple columns,

1. Select the column or cell to the left of which new columns are to be inserted.
2. Select the same number of columns that you want to insert. Then, click on the Insert drop-down arrow in the Cells group on the Home tab and choose the Insert Sheet Columns option. Excel inserts blank column to the left of the selected column.

**Q3. What is the function of Undo and Redo commands?**

**Answer** After making modifications in a cell, you may wish to cancel the changes and retrieve the previous data. To undo the last action(s) performed, the Undo command is used.

The Redo command is used to quickly reverse the last action(s) that you have done using Undo command.

#### **Q4. How will you select a range and non-adjacent cells in a Worksheet?**

**Answer4.** To select a range (Adjacent Rows/ Columns) in a worksheet,

1. Select the first row/column, then hold down the Shift key while you select the last row/column.
2. To select non-adjacent rows/columns, click the row/column, then hold down the Ctrl key while select the other rows/columns for selection.

#### **Q5. How will you move data in a worksheet using dragging method?**

**Answer 5.** To move data in a worksheet using dragging method,

1. Select a cell or a range of cells.
2. Position the mouse pointer at the edge of the selected cells. The pointer will change from a black cross symbol to move pointer symbol. Drag the selected cell or a range of cells to a new destination, and release the mouse button.
3. The data will be moved to a new location.

#### **Q6. Explain any two methods for copying data.**

**Answer 6.** Copying refers to duplicating data, i.e., text, numbers, formulae, either in the same worksheet or in a different worksheet. There are two methods of copying data-

1. Using Copy and Paste commands
2. Using Auto Fill feature

#### **Q7. What is Auto fill? How can it applied?**

**Ans7.** The Auto Fill is the easiest method to fill data in cells automatically. To use Auto Fill feature, position the pointer at the lower right corner of the cell. The mouse pointer will change into a thin black "+" cross. Hold down the left mouse button and drag the fill handle up to the destination cells.
